Cleaners

Rose Face Wash | Powder Cleanser

TT\$135

Most chemical face washes foam aggressively and strip your skin's natural oils - leaving it dry, tight, and dependent on moisturisers to function. This one doesn't work that way. The Satvic Rose Face Wash is a powder-based cleanser crafted for all skin types. Each ingredient plays a quiet role: gently lifting dead skin cells, absorbing excess oil, and leaving the skin calm and balanced. No lather, no stripping - just skin that feels like itself again.

Benefits

Suitable for all skin types.

Herbal Shampoo Powder (Natural Hair wash)

TT\$125

Your scalp absorbs 4X more than the rest of your skin. So what you put on it matters. The Satvic Herbal Shampoo is a powder-based hair cleanser made using traditional herbs and plant extracts that cleanse the scalp without loading it with chemicals. Instead of using any harsh foaming agents, this shampoo cleanses with shikakai and reetha, which remove oil, sweat, and dirt buildup. And herbs like amla, neem, brahmi, bhringraj, and fenugreek, which make your hair much stronger! NOTE: This is a 100% natural shampoo made without a single synthetically manufactured chemical. Because of this, it DOES NOT FOAM. In the beginning, this may feel very odd (because we're all used to bubbly shampoos). But remember: foam is not what cleans the hair. With regular use, you may be surprised by how soft your hair feels after washing with this. This shampoo powder contains: No harsh foaming agents that dry out the scalp No artificial fragrances No parabens, sulphates, or SLES Is suitable for regular use Is completely vegan and cruelty-free Is packaged with

Alum Deodorant (Anti Bacterial)

TT\$125

Commercial deodorants contain substances that block your sweat glands, forcing sweat (along with toxins) back inside the body. On top of that, they are often filled with artificial fragrances and chemicals that you end up breathing in all day. This is completely different. The Satvic Alum Deodorant is made from a single natural mineral that has been used for generations by our ancestors. You may have heard your grandparents call it phitkari . When applied to damp skin, alum forms a light antibacterial layer that kills odour-causing bacteria (the primary source of bad smell), while not blocking your sweat glands . You continue to sweat naturally—just without the smell. This deodorant contains: No artificial fragrances No aluminium salts used in conventional antiperspirants No parabens or synthetic chemicals Does not block sweat pores Is suitable for daily use is completely vegan and cruelty-free Has a shelf life 3 years How to use Lightly wet the alum with water (alum works best when slightly moist). Roll the stick gentl

Complete Daily Care Set (Combo Pack of 5)

TT\$595

Everyday, we use products filled with ingredients we can't pronounce —ingredients that penetrate into our body and destroy our health and hormones. This set is a refusal to do that. At Satvic Movement, we believe daily care shouldn't come from chemicals, synthetic fragrances, or harsh interventions. It should come from ingredients directly from Mother Nature. This complete set brings together everything you use on your body, every single day. You'll find powder-based cleansers (one for your hair , one for your face , and one for your body) , a natural moisturiser , and a mineral deodorant. Herbal Shampoo Powder Mix with water, apply as a paste, and rinse. Cleanses the scalp and hair without chemical surfactants or artificial lather. Rose Face Wash Powder Gently cleanses and lightly exfoliates, leaving the skin soft and divine smelling. Shampoo, Face & Body Wash Set (Combo Pack of 3)

TT\$375

We clean our hair, face, and body every day. Using toxic ingredients we can't even pronounce. Ingredients that penetrate deep into our body and interfere with our hormones and health. This set is a refusal to do that. At Satvic Movement, we believe cleanliness shouldn't come from chemicals, synthetic fragrances, or harsh foaming agents. It should come from ingredients directly from Mother Nature . This combo pack exists to solve this problem. It brings together three powder-based cleansers — one for your hair , one for your face , and one for your body — all made without synthetic chemicals, artificial fragrances, or harsh foaming agents. In fact, many of the ingredients used are so pure, that you could even find them in your kitchen. They're made of grains, herbs, flowers, clays, and plant extracts . The Herbal Shampoo Powder - Simply mix with water, make a paste and apply on your scalp and hair. Cleanses the hair, without chemical surfactants. Rose Face Wash Powder - Gently cleanses your skin and leaves it soft and smelling divine! The Oran
